WARREN AVERETT + GH&I
CPAs & CONSULTANTS

Our client service professionals have amassed a wealth of knowledge and understanding across a wide number of industries. In addition, the firm's active membership in the Leading Edge Alliance (LEA), provides for knowledge to be supplanted with that of LEA accounting professionals across the globe as needed. As an entrepreneur, business owner, CEO or CFO, your business will benefit from working with an accounting professional at our firm who possesses a broad industry view and understanding.

As well, there are niche industries where our firm has achieved expertise and notoriety, and complementary client growth. This has resulted in members from service functions across our firm joining together to form an industry-specific team. Here they share industry-specific accounting knowledge and best practices; participate in niche conferences; or sponsor, network and speak at organized industry functions. The industries represented with a targeted team focus include:

- Hedge Funds/Investment Partnerships
- Technology and Communications
- Health Care
- Nonprofit Organizations
- Construction and Real Estate
- Professional Service Firms
- Manufacturing and Distribution

In addition, informal teams form to serve clients among a very long list of industries where we have clients and experience, including, but not limited to:

- Consumer and Industrial Products
- Distribution and Wholesale
- Retail
- Consumer Packaged Goods
- Industrial Products
- Services
- Education
- Engineering
- Hospitality and Leisure
- Transportation
- Broker Dealers
- Wealth Management
- Entertainment and Media
- Information Technology and Technology Systems
- Service Providers
